## MINISTRY OVERVIEW

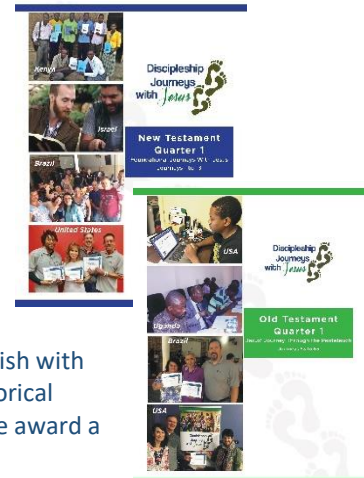

The Great Commission's primary focus for many has been evangelism, but the actual command is to make disciples. While many churches have various social activities to encourage participation, few have a purposeful disciple-making process for new believers or strengthen current church members.

The lack of an intentional discipleship program has led to a mass exodus from the American Church and a weakening of the international Church. We face the danger of raising an entire generation that will be biblically illiterate and uncommitted, which will impact every area of our culture and future generations of the dwindling Church. One significant missing element has been a universal discipleship package accessible to any church, any Christian denomination or group, and any believer.

To address this growing need, we launched Discipleship Journeys with Jesus (DJJ) in September of 2016. Our initial resource is a one-year program of 52 lessons that cover the basics from the Bible to help move new believers into active members of the body of Christ and to help church members grow deeper in their faith. Fifty-two Old Testament lessons come next to help deepen believers.

We represent historic biblical Christianity based on the inerrant word of God, and free from any denominational preference.

The New Testament quarters move students through the Gospels, into Acts, and finish with teachings from the Epistles. Old Testament quarters cover the Pentateuch, the Historical Books, the Poetic and Wisdom Books, and finally the Major and Minor Prophets. We award a Certificate of Completion quarterly to encourage each student's progress.

Upon conclusion of the *Discipleship Journeys with Jesus* course, we see these fantastic outcomes:

- Believers are learning about the basic and advanced spiritual disciplines of the Bible.
- They are making written commitments to practice these spiritual disciplines.
- They are growing into a deep commitment to and communion with Christ as His true disciples.
- They are inviting others to join in the Discipleship Journeys with Jesus.
- These same participants are helping to disciple others through the journeys.
- Others pursue church planting training and help plant churches.

We have made *Discipleship Journeys with Jesus* available to everyone, including ministries and churches, free of charge by being a donor-supported ministry through our 501(c)(3) non-profit status. We are especially interested in serving evangelistic ministries by offering *Discipleship Journeys with Jesus* as the follow-up component for their evangelism efforts. For this reason, we are providing DJJ translations into multiple languages. Our vision is to take 100 million people on discipleship journeys with Jesus eventually!
