In addition, we strive to practice great stewardship of the funds donated. In 2022, for every \$1 donated, 76.6% went back into Programs, 13.7% to Management/General, and 9.7% to the cost of Fundraising.

What will 2023 bring? It will be even more of the same: more disciples, languages, countries touched, leaders, and most importantly, more lives impacted by Christ through DJJ discipleship.

As always, a big **thank you** to all who pray for, support, volunteer, make disciples, and in other ways, participate in this impactful ministry! Together we are fulfilling Jesus' parting command to "make disciples."

"DJJ is one of the few, if not the only, discipleship ministry that offers free digital downloadable discipleship lessons in many languages." Paul Eshleman

Paul has been with Campus Crusade for Christ (CRU) since 1966, directed The JESUS film project and led the the Finishing the Task Movement, reaching 639 people groups.

New Website in Spanish!

In December, we soft-launched a new website that provides a dedicated site to reach Spanish speakers, djjministryspanish.org.

Spanish is the second most used language in the world in terms of native speakers. 534 million speak Spanish, comprising nearly 8% of the world's population.

We are grateful for this accomplishment from our Spanish translator, Donald Dolmus, Joe Tran Media Group, and Patty Hansen, who led the project.

The main website, djjministry.org, will still offer all the journeys in all translations. In addition, DJJ also offers djjministryportuguese.org for those who speak Brazilian Portuguese.

DJJ anticipates adding another heart language website as funding is available.

Materials Department Update

DJJ offers what we think are two of the biggest tools in multiplying discipleship using the DJJ lessons:

1. **Partnership Training.** This training introduces disciple-makers to DJJ and the journeys. Some of those **disciple-makers are called to become makers of disciple-makers and join the DJJ Partnership Team as Ambassadors.** The final version of the Partnership Training Materials was put on the website for the team in October. This project culminated several years of writing, editing, testing, and reworking the sessions. Now, Spanish has been translated, tested, and will be released soon.

Please pray for the funding to translate additional languages into this key training. (\$5,000 per language)

2. **Translations.** Having the DJJ journeys translated into the languages people are looking for is a priority. While the goal is to have the lessons in the world's major languages, **the focus is to have all of the journeys available in the heart languages of disciple-makers committed to making disciples.** This focus is why DJJ offers lessons in some of the lesser-known languages.

In 2022, New Testament Quarter 2 was translated into 16 languages: Ateso, Bengali, Burmese, Chichewa, Chinese, French, Hindi, Kirundi, Luganda, Odia, Portuguese, Runyakitara, Russian, Spanish, Swahili, and Tagalog.

We are eager to start these translators in Quarter 3 soon! Please pray for the translators, the design team, and funding. (Approx. \$2,000 per language for each quarter.)

**Disciple-Maker:
Jason Resende
DJJ Ambassador**

Rio de Janeiro, Brazil

My name is Veronica, and I am from Brazil. I am disciplined by Jason Resende. I began my journey to Christ from the basics of the Gospel found in New Testament Quarter 1. Although I converted to Christ 10 years ago, I was never a disciple.

Learning, walking, hearing from others, and moving forward is our natural Journey in Christ. I got to know Christ this way.

But now, with DJJ, everything is new for me. God now allows me to learn.

Some say: Yes, everyone already knows Christ was baptized in the Jordan River, but He didn't need it. But I didn't know.

I knew that Christ had no sin, I knew that Christ is the Son of God, and about the Holy Spirit, but I didn't realize that He was baptized without needing to be baptized, out of obedience and to be an example, I learned that in *Journey 2, Jesus' Journey to the Jordan River*.
