

Your Help is Needed to Complete a Major Project

Last month I spent almost three weeks recording the remaining Old Testament journey videos, several other ministry videos, and a Partnership Training session. **Overall, the trip was a great success as the team from Aspiring Productions (Michael and Katie) and I recorded 89 videos!** After post-production, there will be videos for all of the DJJ Old Testament lessons. They will be on the website later this year, God willing. This is great news because people find the videos so helpful.

The next step is post-production, which includes editing, music, location titles, color optimization, sound equalization, and so on.

Praise God, all of the recording costs have been supplied. **However, we now need funds to cover the expenses of this post-production editing: \$18,000.**

Can you help us complete this project? If you can, please go to the Donate page on the DJJ website or use the enclosed pledge card and envelope. Any size gift is appreciated. Thank you!
