

How Can You Help in Creating Disciple-Making Movements Worldwide?

The impact of DJJ is truly remarkable. In only **five short years**, we have:

- 101 countries that have downloaded the lessons
- Translated the lessons into 14 languages (3 to be released soon)
- Recruited staff in 8 countries
- Had a significant impact on the younger generation in disciple-making movements
- Partnered with churches and ministries as their preferred discipleship program
- Disciplined tens of thousands

The future is bright! But we need your help to continue and expand this impact. Specifically, there are two goals I want to bring to your attention from the enclosed sheet:

1. **Goal 2: Hold 222 Partnership Trainings worldwide. Fundraising Goal: \$65,000**

This training lasts 8 hours and can be completed in a day or divided into several days or weeks. We often do it over Zoom.

Holding 222 events is an aggressive goal. However, with the Ambassadors currently in 8 countries and other newly recruited Ambassadors, we feel confident that they can achieve this amount.

In addition to these trainings done over Zoom or through the worldwide team holding in-person trainings, I must visit several countries to recruit new staff and encourage current staff. We have several potential key leaders identified, but meeting them and holding trainings in their countries is the best way to develop quality leadership for DJJ.

2. **Goal 4: Grow the Partnership Team to 222 volunteer staff members. Fundraising Goal: \$24,000**

As the volunteer staff team grows worldwide, there are costs associated with this growth. We have a big vision that will require financial assistance in each of these countries.

Please read in this letter about the impact that DJJ is having on the younger generation worldwide, from salvations to growing disciples. **As prayer and financial partners, you are a vital part of this ministry, and we are grateful for you! Thank you!**

Making Discipleship Doable,

Dr. Mark Alan Williams
Founder and President

A special note: The Testimony of the Month for November is from a teen leader who also taught the DJJ lessons to a group of 8-12 year olds! Please read her moving story on the back page.

Partnership Team Reports ~ Reaching Youth

Reaching the younger generation (15-30-year-olds) has been a fantastic narrative for DJJ over the past few months. DJJ has received great reports from the youth discipleship group in Brazil and 400 salvations from the Yumbisye Secondary School in Kenya. (Please see the picture on the backside of the Fundraising Sheet included in this Ministry Update.)

Bishop Kennedy, the DJJ Regional Coordinator for Kenya, recently shared that some of the youth saved in July are now leading discipleship groups in the school using the DJJ lessons! This report of new Christians using the lessons to grow in their walk with Jesus and mentor others is encouraging.

Another great story out of Uganda from our Regional Coordinator is about the new ministry he started targeting the youth, ages 12-20 (plus). Here is what he shared with us:

"Ivoice Leadership Academy, pictured here, is a discipleship school with a mission of raising disciple-makers for this generation and generations to come. The academy works with families, churches, and ministries in the area. Currently, the academy has 30 participants aged 12-30 years old. It operates twice a week. Saturdays are for participants aged 12-19 years. These are divided into three classes; Joshua for ages 12-14, Samuel for ages 15-16, and David for ages 17-19. On Tuesdays, participants aged 20-above attend. They are also divided into two classes; this group comprises parents, church ministers, and leaders. The academy has five instructors since the academy's discipleship tools are the DJJ lessons."

The instructors have either attended the DJJ Partnership Training or have finished New Testament Quarter 1.

Information technology is vital in disciple-making in this generation and for generations to come. The academy has also included skills like computer training and programs to help these leaders better serve their communities.

Invitation to Online Partnership Training with Dr. Mark

We just completed an online Partnership Training on October 28th with people from 10 countries. If you missed it, there is one more in 2021! Please feel free to invite your pastors, ministry leaders, small group facilitators, and people you think would benefit.

This training will teach you how to multiply discipleship groups in your church, ministry, school, family, workplace, and circle of influence. Discover an A-to-Z process to fulfill Jesus' command to "make disciples." Many people have told us how easy it was to plan their strategy after attending this training.

The 2-part training will be on Tuesday, December 7 and 14. Please check your time with this link as it may be on Wednesday in some time zones in the world: <https://bit.ly/2ZyuRfG>. It is essential to check the hours as it will be different times throughout the world zones.

Register for the free training here: <https://forms.gle/Vn4AeWZ6XG1fQiBEA/>.

We will have an extended session for Ambassador Training during the final 45 minutes of Week 2. That session will share how you can apply to become an Ambassador and use the same Partnership Training to train others.

Prayers for DJJ

Each month, DJJ puts out a prayer calendar. If you are not receiving it by email, you can find it on the About Us/Stories around the world tab. Each day lists a specific prayer or thanksgiving. Please consider praying through it with us.

In addition to those prayers, can you please include these in your prayer time?

1. **Thank God for the worldwide opportunities to create disciple-making movements as people are taking the Partnership Training and following through on their action plan.**
2. Pray for God to bring additional staff members needed.
3. **Thank God for many stories received of lives being transformed through the lessons.**
4. Pray for the discipleship groups around the world as they work through many challenges. Pray that those attending groups will stay motivated to grow in Jesus.
5. **Thank God for the 101 countries that have downloaded DJJ discipleship lessons!**
6. Pray that those going through the discipleship journeys will complete each quarter and ask for their Certificates of Completion.
7. **Thank God for the testing groups who help us produce clear and concise discipleship lessons!**
8. Pray for the translators worldwide who are working on many languages.
9. **Thank God for the Beta-testing group working on the Old Testament Quarter 4 lessons.**
10. Pray for the financial needs of DJJ and for the success of the Fundraising Goals Campaign.
11. **Thank God for an opportunity in mid-November to present DJJ to a local church as a possible discipleship program.**
12. Pray for the DJJ Board Meeting to be held at the end of November.
13. **Thank God for the funding received so far for the 2022 goals.**
14. Pray for the completion of the editing projects for the Materials Dept, specifically for the final release of the Partnership Training Materials, for the revision of New Testament Quarters 1 and 3, and the release of the Old Testament Quarter 1 (lessons being uploaded weekly to the website!)

Disciple-Maker: Jason Resende
Sal da Terra Parque
do Sabiá
Uberlândia, Brazil

I am a Brazilian student and eventually would like to become a doctor. As a teenage group leader, Pastor Jason introduced me to the DJJ lessons here in Uberlândia.

The whole strategy around this discipleship enchanted me; how the stories were told and contextualized and how the videos were arranged strategically led us to understand better what was narrated.

In addition, I realized that DJJ is a course for all ages. It was taught to children and adolescents between 8 and 14 years old, and it was a rich experience. Their curiosity was aroused in such a way that there were several questions on the subject at the end of each class.

I believe that with this course, they had the opportunity to know more about Jesus and, consequently, get closer to him. We, as teachers, also learned a lot from each lesson. DJJ is undoubtedly a rich, creative, and fundamental strategy of evangelism and discipleship.

It is a great joy to celebrate the lives transformed by the DJJ lessons! Please use the "Share Your Story" button on the About Us/Stories Around the World web page if you have a testimony to share. Please include a picture, preferably holding the DJJ lessons or your Certificate of Completion.

We may feature your testimony next!
