20 Prayers for 2020

Please pray that:

1. We continue to receive reports from around the world of the lives that have been transformed by Christ through DJJ discipleship materials. **We are getting reports every week!**
2. We can fill key staff positions with support-raising missionaries or volunteers. Our most urgent needs are to have a Partnership Director, a Development Director, a Foundation Fundraising Specialist, and the volunteers to help manage the communication via email and social media. **Some roles can work remotely, and others need to be at our local headquarters.**
3. We can quickly complete the rest of the New Testament materials for release. **Also, two-quarters of the Old Testament materials released by the end of the year. We are working hard on NT Q2 Revision, NT Q3 & Q4, and OT Q1 to be released on the website this year.**
4. We will have many volunteers offer their translating services. **Currently, we have 17 translations in the works for NT Q1, some paid, and some by volunteers.**
5. We will be able to release the mobile app this year. **We are still praying that we can release the English version soon.**
6. We can have our newly created Latin America website in at least two languages by the end of the year. **Our Latin America mirror website portal will go live this month with Portuguese. Hopefully, Spanish will follow soon.**
7. We can create children's materials that will be engaging to go alongside our discipleship materials. **We now have two lessons created by a volunteer and will soon be in the beta-testing phase. We are praying for additional writers for DJJ4K.**
8. We can find a graphic designer who knows how to illustrate for preschool and elementary. **We are praying for an illustrator who can take our vision and create a simple design.**
9. We can format our materials for homeschooling use for middle and high school, and for a syllabus to be developed for college-level students. **We are praying for opportunities to finish this project.**
10. We can hold four partnership trips—two in Africa, one in Myanmar, and one in South America. **Due to the COVID-19 pandemic, Mark will likely have to hold training in Spring 2021 instead. However, last month, Regional Coordinator Kennedy Karanja held a training with nine leaders in Kenya. Pray also for opportunities for us to learn how to conduct effective remote training in place of being in the country.**

20 Prayers for 2020

11. We can develop leaders who will be regional volunteer staff in their respective countries. **As of this spring, we have three Regional Coordinators who volunteer their time to move discipleship and DJJ forward in Uganda (Godfrey Kakembo), Kenya (Kennedy Karanja), and Liberia (David Gbalee). We are praying for additional Regional Coordinators, Continent Representatives, District Leaders, and Ambassadors.**
12. We can partner with more ministries, educational institutions, and denominations, which will use DJJ discipleship materials. **We have several ministries, colleges, and churches using the materials. We continue praying for more.**
13. We can promote DJJ effectively. **Pray that we continue to have favor with Outreach Marketing and with Google Ad Grants. The online advertising that these two entities are doing has been quite effective in reaching people internationally. We are praying for more doors to open to market DJJ. We are also praying for a staff member, (volunteer or support-raised), who has a passion for marketing to join us.**
14. We complete the Old Testament lesson writing. **Currently, Dr. Mark Williams and Dr. Jim Carpenter, have written forty-one lessons, with eleven lessons remaining.**
15. We complete the first two-quarters of videos for the Old Testament material and can release OT Q1 by the end of the year. **A great benefit from the pandemic “stay-home” orders is that we have had a weekly beta-testing discipleship group meeting. After the group has gone through the lesson and additional edits completed, a local Bible study group is studying the lessons as gamma-testers. The materials will be ready for release sooner than we have been able to produce the New Testament quarters.**
16. God guides our staff and Board of Directors. **Pray for our upcoming DJJ Board meeting on July 23rd.**
17. We have funds to meet budgeted needs and desires. **We thank God for the generous donors who have been able to help us meet most of our needs in the first two quarters of 2020.**
18. Every staff member, volunteer, donor, subscriber, pastor, church, and ministry associated with the ministry has good health and spiritual protection. **Please continue your prayers for full protection from the evil one.**
19. The ministry continues to move closer to the vision of taking 100 million people on discipleship journeys with Jesus. **We continue to thank God for the people signing up online daily. We pray for more impact and for more to download and start their own discipleship journeys.**
20. We honor the Lord in everything we do, think, and say.

Thank you for your prayers! Together, we are making Discipleship Doable!
